

Acknowledgments

Heartfelt thanks to all those who contributed to the development of this issue. We are grateful to Dennis Sumara who gave us this opportunity and patiently addressed our questions as he coached us through this process. Thank you to the knowledgeable reviewers who gave time and expertise and to the authors of this issue who graciously received their feedback and allowed it to strengthen their work. For assistance with style and editing we are also greatly indebted to Magdalena Ciesla, the Research Assistant extraordinaire, and for his editorial “consultations”, we are appreciative of Geoffrey Milburn. Last but not least, we could never have completed this issue without the members of the Language and Literacy Researchers of Canada, most notably Roz Stooke, Kathryn Hibbert and JulieAnn Kniskern.
